

Leakage and Dispersion, Combustion Behavior, Sources of Ignition Fundamentals

MODULE

About the Skill Module

This skill module extends the learning in the corresponding three Core skill modules to the Fundamental level, using a combination of exercises and readings with two interactive sessions.

Target Audience

Facilities/process engineers, as well as engineers and operations staff involved in process safety and asset integrity

You Will Learn

Participants will learn how to:

- Estimation of hydrocarbon behavior on loss containment
- Identification of common ignition sources
- Estimation of hydrocarbon behavior following ignition
- Application of learnings to an exercise that will run throughout this series of skill modules

Product Details

Categories: Midstream

Disciplines: Process Facilities Health, Safety, Environment

Levels: Foundation

Product Type: Individual Skill Module

Format: On-Demand

Duration: 7 hours (approx.)

\$795.00
